Dear Mr. Summerfield:

Naval Station Mayport (NAVSTA) authorizes Groundwater Protection Inc. of 4315 SW 34th Street, Orlando, Florida to apply for permits on our behalf for installation of monitoring wells on NAVSTA property. This work is in support of a current contract we have with ABB Environmental Services, Inc.

The contractor will be installing four 40' deep wells and four 80' deep wells during the next few months. If you have specific questions on well installation at NAVSTA, please refer them to Mr. Frank Lesesne, of the Tallahassee office of ABB Environmental Services, at 904-656-1293.

If you have any further questions regarding this request, please contact NAVSTA's Ms. Cheryl Mitchell, N4E4, at 270-6730.
